INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Kinston City Directory since 1908), present to subscribers and the general public, this, the 1960 edition of the Kinston City Directory, which also includes Club Pines, Dupreeville, Green Acres, Greenmead and Rural Route Residents.

Confidence in the growth of Kinston's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Kinston to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Kinston Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or service than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Kinston, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Kinston, Club Pines, Dupreeville, Green Acres and Greenmead, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

796478

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Kinston and vicinity.

The Kinston Out-of-Town City Directory Library

Through the courtesy of the publishers of the Kinston City Directory, a Directory Library is maintained in the offices of the Kinston Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by Members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

The beginning of what is now a thriving eastern Carolina city was a wilderness settlement and trading post on the banks of the Neuse River, 70 miles from the Atlantic Ocean, in Colonial 1740. Since that time Kinston has been multiplied many times over, and has become a well-balanced center of varied commerce. The forest trails and water travel of Colonial days have turned into paved highways and railway roadbeds, and the "trading post" now serves approximately 150,000 "settlers" in its territory.

The population of the river settlement has grown from a hardy handful early in the 19th century to 24,648 at present. Today Kinston is the seat of government of Lenoir County, embracing 55,000 persons. The growth of Kinston always has been closely tied to agriculture, but now with the continued increase of population in the trade area, gradually developing industrial character is to be observed. The city, likewise, has become a permanent retail trading center for eastern North Carolina, and is the largest wholesale distribution point east of Raleigh.

From the basic agricultural work of the early settlers, engaged in survival, the production--first, of cotton, and later, tobacco--came a broad-economic outlook and more prosperity. Today "King Cotton" has lost its autocracy and the "Golden-Leaf Tobacco" has become the economic ruler.

Auction Scene from One of Kinston's Twelve Tobacco Warehouses

The rule of the "Golden-Leaf" has been a fruitful one, for \$27,016,-553 poured into the farmers' purses as the result of sales on the Kinston

market in 1959. Kinston's twelve tobacco warehouses provide ample sales space and facilities to accommodate more than 100,000,000 pounds of tobacco. Such a return from a single phase of the agricultural life of Kinston's "settlement" area, when boosted by the progress and return from the variety of other phases, has been reflected sharply in its growth.

Following the establishment of a thriving market, tobacco-processing factories were built, and have taken their place among numerous other industrial establishments to make the river-bank trading post a center of economic wealth. Within the boundaries of Kinston, with its many miles of broad, paved streets, are located producers of clothing and other textiles, building materials and various types of consumer goods.

A network of improved highways lead out of Kinston into the Coastal Plain like the spokes of a wheel and two railroads provide carrier facilities of heavy goods and shipments. Electric power, with newly-added equipment and facilities, is available to the city's residential and industrial needs and is more than 40 percent above the peak demand at present. There are 50 manufacturing and processing firms located in the city, with nine large wholesale distributors, and over 400 retail stores and service institutions, all banded together to serve the requirements of the ever-growing population.

Frosty Morn Meats, Inc., Federally Inspected Meat-Packing Plant

The economic soundness of the city can be attested by the three thriving banks, two having branches including a drive-in bank, which serves its citizens and its business life. Surveys have shown a steadily-mounting check-clearance volume in the banks for a number of years. The solvency of the City government is shown by the ready sale, at all times, of the municipal bonds for street and utility improvements and for the construction of permanent municipal improvements.

The physical well-being of the city, and its citizens is no less sound than any other part of its life. With the location 70 miles from the coast on North Carolina's temperate plains, the weather—wet or dry, hot or cold—is one of the most healthful. Here, it is not a matter of how many days the sun shines each year, but whether it shines in proper proportion to the rainfall. The abundance and value of farm crops grown in the immediate vicinity is proof of ideal weather and climate.

Two modern hospitals, staffed by some of the country's most eminent physicians, surgeons and specialists, are here to serve the citizens of the area. More than 40 doctors and dentists reside and practice in the city, thereby making Kinston the medical center of eastern North Carolina. A well-organized public health program is carried on at all times to make for cleanliness and the eradication and treatment of disease. The Caswell Training School, the State's largest institution for the care of the mentally retarded and deficient, is located near the city. Kinston has a large modern library, with three branches and a mobile unit circulating 340,000 books and library materials annually. The library circulates, besides books, educational films and musical recordings and also sponsors Great Books discussion groups.

Lenoir Memorial Hospital — County Owned and Operated

National Guard Armory, Completed in 1955

Kinston has the unique distinction of a perpetual artesian water supply coming from deep wells that provide water of the purest content east of the Rocky Mountains and is entirely untreated. The supply is unlimited for industrial and commercial use, as well as for home consumption.

Kinston citizens are friendly people, ever anxious to share their goods or services with the stranger within the city's gates. Kinston extends a cordial invitation to homeseekers, industrialists, retail traders, and men and women of all vocations to come here for a day, a year, or a lifetime.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

## **CAUTION . . . .**

 Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

## CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with  
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## *Please!*

**Do Not Lend Your  
CITY DIRECTORY**

**IT COSTS YOU MONEY—Every Time it Is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

## Out of Sight--Out of Mind

### ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

# **A STATEMENT OF ADVERTISING PRINCIPLES**

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

## EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individuals name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

## Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

### Your City Directory Contains:

1

An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*YELLOW SECTION*", where the advertiser may explain in greater detail the services or products he has to offer.

5

A *STATISTICAL and HISTORICAL STORY* of your city; plus miscellaneous other information.

## HILL'S KINSTON

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

# 1960

Including Club Pines, Dupreeville, Green Acres.  
and Greenmead

Copyright, 1960, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

# **Power of Advertising**

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

## **Our Service Cannot Be Excelled**

*Fair Practice Code  
for Advertising and Selling  
recommended by the Association of  
Better Business Bureaus, Inc.*

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

# **THE CITY DIRECTORY**

**represents the City and its  
institutions in every corner  
of these United States**

---

**ARE YOU PROPERLY  
REPRESENTED IN IT?**

---

**The Classified portion  
catalogues the professions  
and goods handled here**

**ARE YOU LISTED UNDER YOUR PROPER HEADING  
SO THE PROSPECTIVE BUYER CAN FIND YOU?**

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

**In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.**
